**Please read & sign this document to bring with you on the day of your appointment, Thank You.**

### **123 Baby Swim Photo Shoot Information**

#### **Q – How much does the baby shoot session cost?**

A - £25.00 payable at least two weeks prior to your chosen session to secure your place, plus the cost of the prints/other products you wish to purchase direct from Photoboxgallery.

#### **Q – How long will the Photo shoot last?**

A – You will be given a half hour slot and the time at which you need to be in the pool ready to go. During the half hour, you will be alternating between having your underwater photographs taken by a professional photographer and doing some of your usual 123babyswim exercises with a qualified 123babyswim instructor. This switching between the two is to prevent stress loading on the baby.

#### **Q – What underwater photographs will be taken?**

A – That would very much depend upon you and the baby. Suggestions will be made such as 1 person and baby, 2 people and baby, baby free swimming, baby through a hoop, baby jumping in etc

#### **Q – Is there anything I can do to try to ensure getting the best photographs?**

A – Parents - Before the day practice:-

- 1) Being under the water with your eyes open.
- 2) Not puffing your cheeks out when underwater/blowing bubbles, your pose needs to be natural.
- 3) Ladies, the photographs often look better with your hair loose and avoid makeup that will run.
- 4) Men – Shave!!
- 5) Your baby must wear a nappy in the pool but beyond that, the least amount of clothing on your baby the more natural the photos can look, especially when free swimming.

#### **Q – What happens if my baby does not ‘perform’?**

A – Every effort will be made to ensure your child is happy and relaxed but there is no guarantee of the shots you wish to achieve.

#### **Q – How many people can I bring with me?**

A – There is a restriction of a maximum of 4 people who come to watch and only the baby plus 2 other people are permitted in the pool.

#### **Q – What happens if I am late?**

A – We have to stick to the half hour allocated times as it would be unfair to affect the plans of others due to you being late. Unfortunately it means you will get less time in the water.

**Q – What happens if I can't attend on that day, i.e. my child is ill/other emergency? Can I have a refund/change days?**

A – Refunds or change of booking are only available on presentation of a medical note from your GP/Consultant. A £10 administration fee will be deducted.

**Q – Will I be able to view all the photographs?**

A – No, quite a lot of Photographs will be taken but the photographer will select which ones are posted to the website. These will usually only be the better ones.

**Q – Can I purchase the JPEGs on a disc?**

A – These are available but they are obviously quite a bit more expensive than ordering a product straight from the website. You would need to contact the photographer direct for this service.

**Q – What will happen to the Photographs?**

A – They will be gathered into an album and uploaded onto a website called Photoboxgallery. The Photographs remain on the website for approx. 2 months.

**Q – How will I know when the album is ready and has been uploaded?**

A – The URL for Photobox will be emailed to you; this is usually approx. one week after the photo shoot. This email will include details of the album name and the unique password required to view the Photographs.

**Q – Are the general public able to view the Photographs?**

A – No, the Photographs cannot be found by searching Google, nor the Photobox website itself. You are however free to forward the details to access the album onto friends / family so they can view them.

**Q – What products are available and how do I buy them?**

A – The products are purchased direct from the Photobox website. Various items are available including prints in various sizes. Canvas prints and Mousemats. Please note these are introductory prices only. Photobox also gives you the ability to make some minor changes to the photographs. Once you have selected the photographs and opened your basket ready to pay, it is recommended you select the facility under 'Action' to 'check my prints', this enables you to check whether your choice of products is suitable for the dimensions of the image and change the product/crop the photograph if necessary.

**Q – Why did you need my phone number?**

A – Unfortunately handwritten email addresses are not always easy to read hence I may need to call you if I am having difficulty sending you the email.

**Q – Who do I contact if I have any questions in relation to the Photographs or don't receive the email?**

A – Caroline@underwaterbabies.co.uk
